## A Note From Lynda

CCW was founded in 1994. It is the mission of Central Connecticut Woodturners to promote the highest standard of excellence in woodturning by providing an expanding source of information, education and resources to its members.

Many have said that they don't have the time, not enough experience in woodturning, don't know how to run a club or just don't want to stand up in front of the club & talk.

A year after I joined the club, I was elected secretary. Working a 40+ hour work week, poor turner, really didn't know the turning terms and out of 100 members - I only knew maybe 10 names, and yet I did it.

To be a board member you need about 1hr of time a month and enjoy woodturning. Pervious board members are always willing to assist in the job you want to take on.
