President's Note

Hello woodturners,

We have a busy schedule for the next month,

Turn-A-Pen on Aug 25 at The Groton Senior Center.

Connecticut Valley School of Woodworking Open House on Sept 8.

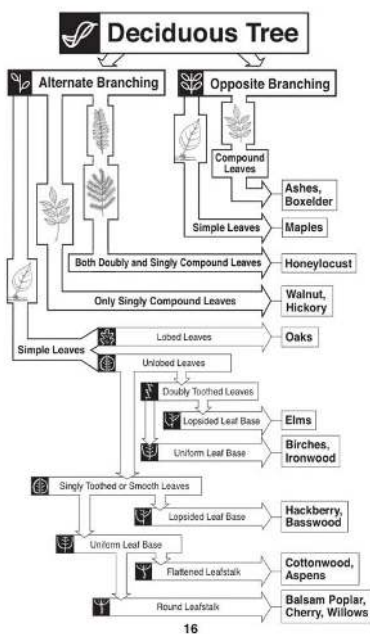

Parkerville Wood Products Open House on Sept 29.

Our Sept meeting is on the 25th, at CVSW, Cameron Johnson's demo is on hollowing.

Remember the challenge from the last meeting was to turn a winged bowl, it doesn't have to be a nice burl like Dan Merlo did, or even nice wood, or even finished, practice on some firewood & bring in what you did.

It's not about the finished product it's about trying something different. If you are a newer member and need help or have questions, please contact me.

This is “The Pinchot Sycamore” (*Platanus Occidentalis*) in Simsbury, Ct. what an awesome tree, the trunk is 28 ft. in circumference & the lower branches are massive, it’s over 100 ft. tall. It was named for Simsbury native Gifford Pinchot, who served as the first Chief of the United States Forrest Service. It is the largest Sycamore in Ct. It’s hard to explain how massive it is.
