## President's Note

Hello woodturners,

A big thank you to all who came and helped out at the Wood Working Show at The Big E last month. We turned, talked & shopped or at least some did. Saturday we helped about 40 people turn pens for The Wounded Warrior Project, they ran out on Sunday morning. We also turned tops for kids. It was all over before I knew it, I hope everyone had as much fun as I did.

This months demo will be on segmenting presented by Kip Lockhart, he will be sharing his techniques on how he makes those beautiful bowls, he does really nice work.

Last month's demo was on inside out turning. Did anybody try it? Lets see it & talk about it during show & yell.

We had a short board meeting Jan 31 at the library in Colchester discussing the years events.

We will schedule another one mid March and post it on the website, all interested are invited to attend.

John

## Guests!

The Polino family visited our meeting after meeting members at the Woodworking Show in Springfield. Jim Kephart not only loaned the family a lathe to learn on but gifted them a set of tools to get started.
