President's Note

Hello woodturners,

We had a great Turn-A-Pen event in Groton last month, 8 lathes plus assemblers and support people meant little to no waiting, and time to meet and chat with people. Someone donated pizza thanks, I forgot to bring lunch.

The CVSW Open House was a whirlwind of a day, before I knew it, everyone was packing up & heading out. I missed out on a few small purchases but will remember next time to grab it when I see it.

Thanks to all who came setup, turned, burned, pierced and came to help support the event, it is appreciated.

It is a lot of work to organize everything you need, load it up, set it up, work for a few hours then reverse.

Thank you, thank you, thank you.

The challenge from July's meeting was to turn a winged bowl, I hope to see your version, what did you find challenging with this, let's talk about it at show & yell.

Cameron Johnson is demoing on hollowing so next month's challenge will be a hollow form. Take notes, take a few photos & try it yourself. If you don't have the tools for hollowing ask around, I am sure someone in the club can help you out.

I know this is peak season for the makers here with craft shows, fairs & fall festival hustle & bustle, remember to make some time for a walk in the woods.
