### February Meeting

The February meeting will take place on **Tuesday February 25th at 6:30PM** at Jim Kephart's Shop at 85 Hilliard St., Manchester, CT.

Rick Angus will be demonstrating "How knife-edge tools cut" (as applied to woodturning).

Pen Turning at Slater Museum, Norwich.  
Sun. 4/5/2020

### President's Note

Hello woodturners,

I hope all that came & participated in the pizza party, dessert & gift swap had a good time, no one left hungry as there were leftovers. Thanks to Lynda & our auctioneer Chris Z for setting up & putting on a successful memorial auction for Chris Ormsby's family, we've got a lot of wood to turn now.

We are working on a hands on pen making workshop in March. We will cover cutting & drilling the blanks with a drill press & on the lathe, gluing in the tubes, turn, finish & assemble. We will go over the different tools & equipment to get you started. Then we will then start prepping blanks for the next pen turning event. Should be a fun day, we'll need some help from some of you experienced pen makers.

Our next pen turning event is on Sun April 5 at The Slater Memorial Museum in Norwich with Eastern CT Woodturners, invite your family & friends.

Totally Turning Symposium is Mar 28/29 in Saratoga Springs NY. Demonstrators are Rick Angus, Michael Blankenship, Louis Boucher, Brad Dinwiddle, Kurt Hertzog, Art Leistman, Rudolph Lopez, Paul Petrie, Derek Weidman, Hans Weissflog, along with lots of tool vendors, an instant gallery & the WNA Woodworkers Showcase.

This month's demo is on "How Knife-Edged Tools Cut" (as applied to woodturning) presented by Rick Angus, this demo takes 2 hours so we will keep the business meeting and show & yell short to wrap up at a reasonable time. Bring along a chair or 2.

We have received the 300 pen kits & I will have pen blanks & tubes to hand out to those who can prep them & bring back at the March meeting ready to turn.

See you soon,

John
