Join us at Ken Rowe's on Tuesday, September 27th, 2022 at 6:30pm. The demo will be Joe Garofalo making an ornament.

President's Note

Hello woodturners,

We had a great time at the CVSW open house. It was good to talk woodturning to a bunch of folks again. Thanks to all of you who stopped in to say hi and support the club and CVSW. A big thanks to Jim, Rick and Lynda for joining in and making some chips fly. We had several people show interest in checking out our meetings. I want to thank Martin Gerndt for hosting our August meeting in his shop. He even had door prizes, which was a first. Dan Merlo felt right at home on Martins 3520c while he demoed making pendants. There were lots of good tips. Unfortunately, I forgot to take notes, but I think we got good pictures.

We had several new folks there. Welcome aboard to all. If you have any questions, feel free to give me a ring or email me.

I want to thank you all for being flexible and understanding during the pandemic. It's been a long road. Thanks for hanging in with us.

As the days get shorter, several of our members can't drive to meetings and we will be holding meetings at different locations maybe not as close. I will work on setting up a hybrid model so you can join in on Zoom. It will take some work to make it happen. Let me know if you are interested in helping.

It takes a bit of time to setup the tripods, cameras and computer before the meeting, but I feel it is important to include all members. It may take a few meetings to work everything out, so please be patient.

This fall we will be holding demos on hollowing, making ornaments and small gifts. In January we will be having a "super bowls" demo. Sharpening, boxes, coloring, embellishing and segmenting are future topics. What are you interested in? Let me know so we can put it on next year's schedule.

See you Tuesday,

John Webber
